

JULY 2019 NEWSLETTER

We are thrilled to announce the completion of RU artist **Gabriella Ciancimino's** project, **Smell In Dialect**, a mural project conceived by the artist in collaboration with Residency Unlimited (RU) and commissioned by Kings County Hospital Center (KCHC) for its pediatric unit. The making of the mural took place during Ciancimino's 2-month residency at RU and KCHC this past May and June and we couldn't be more pleased with the beautiful results! You can read more about her process and see the final results detailed in an online publication created by the artist [here](#).
